25 YEARS OF PROGRESS AND Possibilities

A celebration of courage,
growth, and independence.

Join us on Thursday, October 17, 2024, as we gather to celebrate the graduates and current residents of SafeHouse, our Hope Center clients, community partners, and generous supporters. Our many successes over the past 25 years are thanks to this incredible community that continues to support a safe haven for sexually exploited women facing housing insecurity.

About

SAN FRANCISCO
SAFEHOUSE

SafeHouse was founded in 1998 to serve women survivors of sexual exploitation and/or trafficking who were experiencing homelessness in San Francisco. Since then, we have provided supportive housing and trauma recovery services to over 1,000 sexually exploited women—and over 190,000 nights of safety.

San Francisco SafeHouse, the only program of its kind in San Francisco and one of only a few in the U.S., offers both transitional housing and a drop-in center, The Hope Center. In both programs, participants are offered mental health support, wraparound case management, access to resources for financial stability, immediate housing services, educational and vocational opportunities, and a wide array of other services to help them move toward the goal of living a happy, healthy and independent life. SafeHouse programs embody our core values of safety, whole-person care, compassion, and providing an inclusive and non-judgmental space in which to heal.

For more information, visit sfsafehouse.org.
